

**Direct Placement**

The **Plus** Group, inc.

*"Helping Staff America"*

*Your time is already spread thin. And finding the right employee for your next position is not something that can be done quickly. Nor should it be. The Plus Group is here to help.*

## ***Saving You Time***

The Plus Group's Direct Placement is an efficient and cost effective alternative to traditional recruitment searches. We handle all aspects of the search, screening and interviewing process, and you are presented with only the best, most qualified candidates.

Our search process alone is unique—we not only review candidates seeking positions, but also source talent currently employed in your desired field. This networking approach is the perfect way to secure in-demand, but hard-to-find, professionals in specialized areas.

## ***Ensuring Success***

The Plus Group's comprehensive screening and validation techniques are invaluable. They ensure that candidates have the experience, education and skills they say they do. For companies who seek an even more detailed history on employees, we can conduct credit, criminal and full background checks on demand.

## ***Understanding Your Needs***

At The Plus Group, we know there is a difference between simply finding people, and locating the best person for a position. So we go to extreme measures to get to know your company and the position you seek to fill.

Our process starts with a detailed analysis of your company, its culture and management style. Only then do we move on to gathering information about the position, including the background necessary and the role they will play in your company today and in the future. With this understanding, we move on to searching for just the right person.

The end result of this dedication is the presentation of only candidates who meet your requirements and are well-suited for your particular environment.

*The Plus Group is dedicated to helping you meet your goals and achieve success. We are here to meet the challenges that staffing can pose for your business—while we exceed your expectations. Our commitment is to provide quality, cost-effective direct placements while developing long-term partnerships.*
